Welcoming the warm weather in May at [Dunkin' Donuts](https://www.dunkindonuts.com) is as easy as 1-2-3: one new cookie, two new donuts, and three fruity flavors of Coolatta® Frozen Beverages. Dunkin' Donuts is kicking off the month by serving mouthwatering new treats, including a warm Chocolate Chip Cookie and two donut varieties, the Blueberry Cobbler Croissant Donut and the Caramel Latte Square. For fans of the brand's famous Coolatta, Dunkin' Donuts is launching a new Sour Apple flavor, while also bringing back two summer favorites, Blue Raspberry and Watermelon. All new menu items are now available at participating Dunkin' Donuts restaurants nationwide for a limited time.

Dunkin' Donuts' Chocolate Chip Cookies have a new recipe and offer an irresistible buttery taste, served warm with deliciously melted chocolate chips in every bite. Building on the brand's long bakery heritage, the cookies are made from a classic-style recipe featuring only simple ingredients including butter, brown sugar, whole eggs, flour and semi-sweet chocolate chips for a warm, gooey cookie with no artificial preservatives that tastes homemade. To ensure that everyone can discover this delicious recipe for themselves, the brand is making it available to view [here](#).
